The Capital Drum Kit includes: 16 808s; 22 Claps; 44 Cymbals; 20 Drum Fills; 17 Live Drum Loops; 15 Stemmed Out Drum Loops; 40 FX; 31 Kicks; 16 Sounds FX; 15 Snares. All drums in the kit are made to sound great in the mix with SMPTE time code. Each drum track contains full stem and round with tails, so the drums will always sound great in your mix. All kicks were sampled in a professional studio with a Neve 1073 console and mic'd to a pair of AKG C414s. All 10's were recorded with AKG C414's at 52". All snares were recorded with Sennheiser SK-1's set at 32". All 16's were recorded with AKG C414's at 44". All cymbals were recorded with Mackie 1602's at 30" and 40". All percussion was recorded in a professional studio with Neve SCT's and mic'd with AKG C414's. All Sounds FX were recorded with the full width of my Neve 1073 console. The entire drum kit is a mixture of products I have personally used in the past to record and produce. The kit was made specifically to sound great in your mix and it will work well for house, trap, RNB, Pop, Future RNB, EDM and much more. All kicks were recorded in a professional studio with a Neve 1073 console and mic'd to a pair of AKG C414's. All snares were recorded with Sennheiser SK-1's set at 32". All cymbals were recorded with Mackie 1602's at 30" and 40". All percussion was recorded in a professional studio with Neve SCT's and mic'd with AKG C414's.
